U. S. Tanks Rumble Into Deserted Kumsong

Jets Clash In Northwest Korean Skies

U.S.—Eighth Army Hqs., Korea, Tuesday (AP)—More than 100 American and Communist jet fighters today clashed over "MIG Alley" in northwest Korea.

The Fifth Air Force, in a sketchy first report, said two Red MIG-15 jets were shot down and several were damaged. It gave no report on American casualties, if any.

On the ground, twenty-six U.S. Patton tanks rumbled through the smoldering ruins of the big central Korean city of Kumsong for four hours yesterday. Infantrymen moved within 600 yards of the former Red base without drawing Communist forces into action.

AP Correspondent Sam Summerlin reported the city's thatched huts and other buildings were burning fiercely as the tankers pounded them with fire. Kumsong appeared to be deserted.

A second tank force clanked westward past Kumsong and opened fire on Chinese dug in on the wooded hills.

"That's a good sight for these eyes," said one GI, watching the tankers blast Kumsong. "Maybe this push will make the Communists more anxious for peace," another remarked.

Chinese resistance melted on the foggy mountain ridges southeast of Kumsong during the day.

The U.S. Eighth Army Communiqué last night reported United Nations units were "advancing toward their objectives against little enemy opposition."

It said a patrol was less than one-third of a mile from the now neutralized Red road and rail junction, 20 miles north of Parallel 38.

There was no significant fighting along either the eastern or western fronts, and contact was light elsewhere along the central front, the communiqué said.

Eighth Army headquarters estimated that Allied troops inflicted 29,275 casualties on the Reds during the week ended last Friday. This included 22,000 killed, 6,000 wounded and 1,275 captured.

The war which has blazed with savage intensity on all three fronts during the past few weeks seemed destined to simmer down to a slow boil once cease-fire negotiations begin again. Conditions appeared all set for resumption of the talks at Panmunjom today or tomorrow.

Some observers felt the 500,000 Chinese and north Korean troops probably would stay in their foxholes with one ear cocked for word from Panmunjom. They felt that Allied military might—about even in manpower—won't be much more active so long as the talks progress.

Cut In Business Expansion Urged

Washington (AP)—Economic stabilizer Eric Johnston called yesterday for a 30 to 40 per cent cut in the year ahead in the rate of the nation's business expansion.

The country seems to be safe for the next two to four months from a new inflationary surge, Johnston said, but next spring will encounter strong pressure on prices.

Not only must there be a drastic cut in industrial expansion, now booming at a \$26,000,000,000 annual rate, Johnston said, but there must be a curtailment of residential building.

Otherwise, he said, heavy consumption of materials in construction and equipment will worsen the shortages already scheduled for 1952 under federal control orders.

Inquirer Backs Clark, Dilworth

Philadelphia (AP)—The Philadelphia Inquirer yesterday came out in favor of a Democratic candidate for mayor of Philadelphia for the first time in the 123-year history of the newspaper.

In a front-page editorial the newspaper called for the election of Democratic candidate Joseph S. Clark as mayor. It also supported Richardson Dilworth, Clark's running mate for district attorney.

The Inquirer backed both men two years ago when they sought and won as Democratic nominees, the offices of city controller and city treasurer.

"The mayoralty election will be wholly a local affair. It has nothing to do with national or state politics," the paper said.

MONROE COUNTY SCHOOL DIRECTORS met in the court house last night to transact business and hear talks on education matters by P. O. VanNess, of the State association, and J. Hugh Henderson, of the State Department of Public Instruction. They are pictured here with John C. Lifts, county superintendent, and Walter Sebring, assistant.

Trend Toward Consolidated School Systems Reviewed Here By State Education Official

Increases in population have necessitated the building of more and larger schools, members of the Monroe County School Directors association were told last night at their 47th annual convention at the county court house.

This opinion was contained in the address of J. Hugh Henderson, adviser to the school business division of the Department of Public Instruction.

Reds Delay Truce Reply

Munsan, Korea, Tuesday (AP)—The Communists were taking their time today about ratifying the Panmunjom agreement to resume Korean truce talks.

At a late hour this morning there was still no indication when the Red truce delegation would approve the pact setting up security rules for the new conference site at Panmunjom.

The lengthy silence virtually eliminated any chance of renewing the armistice talks before Wednesday.

Early this morning the Peiping radio announced replacement of two of the five-member Red armistice delegation. It said Chinese Gen. Tung Hwa was being succeeded by Chinese Gen. Pien Chiang-Wu, while North Korean Gen. Chang Pyong San was being succeeded by North Korean Gen. Cheng Du Kon.

No reason was given, but the Red shift matched last week's Allied action in changing two of its five delegates.

Egypt Brands British Enemy, Plans Action

Cairo (AP)—Egypt's prime minister called the British in Egypt "the enemy" tonight and declared, "we are about to bring him to a severe accounting."

Traveling from Alexandria to Cairo and speaking before cheering crowds at each railway station, Prime Minister Mustapha El Nahas Pasha told his audience at Damour:

"We have studied all possibilities and all aspects of the situation so that we may reach our aim without enabling the enemy and usurper to dominate us."

"The enemy has lost his head and has been overwhelmed with a wave of madness and fear. He has committed aggressive attacks about which we will not keep silent and we are about to bring him to a severe accounting."

Barkley's Secretary Linked To RFC Loan Sought For Hotel

Washington (AP)—A Senate committee yesterday began a preliminary investigation into reports that Vice President Barkley's secretary and a Senate committee lawyer helped swing a \$1,000,000 government loan sought to build a Florida luxury hotel.

Barkley told newsmen that if his secretary did try to sway Federal loans, she acted contrary to his "specific instructions."

Senators Thye (R-Minn.) and Schoenpel (R-Kan.) called it a "shocking" episode.

The central figures in the latest hubbub over loans approved by the government's multi-billion-dollar lending agency, the Reconstruction Finance Corp. (RFC), are:

Mrs. Flo Bratton, secretary to the vice president.
Charles E. Shaver, counsel to the

Also heard during the meeting was a summary of important legislative action affecting third and fourth class school districts, presented by P. O. Van Ness, executive secretary of the Pennsylvania State School Directors' association.

Henderson prefaced his address with a brief resume of the prevailing methods used in establishing schools—buildings erected in centers of population instead of in rural areas where transportation was unfeasible. Since the beginning of the school systems in the State, he said, "we have been slowly moving toward asking neighboring districts to provide education for our children."

This movement, according to Henderson, is nearing an end. School districts which have, in the past, taken students from other communities and provided facilities for their education, now find their own buildings overcrowded and insufficient to meet the needs of students in their own particular area.

This overcrowding has led to a reluctance on the part of some communities to ask their taxpayers to provide funds for additional facilities.

Small districts, however, are unable to provide adequate facilities for their own students past the elementary grades. These districts find a program wherein they may pool their resources with another district of the same size or somewhat large working to their advantage.

There are two methods, Henderson stressed, through which smaller districts may combine to maintain larger schools. The first of these two is called the union (or merged) school district where two or more districts ask citizens to vote on the question of setting up a combined school for their areas.

If the voters agree on the project, the school boards are then

Death Toll Rises
Harrisburg (AP)—The death toll on Pennsylvania highways for the first eight months of this year reached 1,009 persons—64 over the period last year.

Group Raises Objections

Harrisburg (AP)—The Pennsylvania Council of Churches objected yesterday to President Truman's nomination of an ambassador to the Vatican.

"This action of the President is bound to increase the interfaith tension to a perilous degree as it places one church in a preferential position above the other," said the council.

At Scranton, Bishop William J. Hafey of the Scranton Roman Catholic diocese described as "hypocritical utterances" the criticism by Protestant groups of the President's action.

Mr. Truman nominated Gen. Mark W. Clark as ambassador to the Vatican, seat of the Roman Catholic church.

The State Council of Churches, claiming an adult membership of 2,250,000 among most of the Protestant denominations in Pennsylvania, expressed its opposition in a resolution adopted by its executive council.

"The diplomatic relationship of our government should be free from dependence of using the Vatican as a slanted listening post, said the resolution. 'The Vatican is not an indispensable ally, in the conflict with Communism as revealed by the existence of a large Communist party in Italy itself, though the Roman Catholic church claims virtually the entire population as its adherents.'"

Transport Plane Crashes; 4 Die

San Antonio, Tex. (AP)—A C-97 four-engine transport plane crashed and burned at Kelly field yesterday, killing four men and injuring two others.

Witnesses said the huge Military Air Transport service craft took off, rose about 100 feet, dipped the right wing and crashed.

The plane was on a routine training flight.

Kelly field officials said three officers and three crewmen were aboard. The injured were taken to Lackland hospital. The extent of their injuries was not determined immediately.

Republican Wins Maine Election

Bangor, Me. (AP)—Clifford G. McIntire (R), nationally known Maine potato man, yesterday won the late Republican Rep. Frank Fellows' seat in Congress.

The 43-year-old Aroostook grower, shipper and dealer from Perham far outdistanced a Democrat and an independent in a special election in the big, largely rural Third district.

His opponents were Mrs. Katherine M. Hickson, 49, of Bangor, former Democratic national committeewoman, and Ralph M. Dyer Jr., 39, of Hampden, a real estate man.

Battle Still Rages Over Appointment

Washington (AP)—The White House said yesterday that "a few hundred" letters and telegrams—most of them critical—had come in since Mr. Truman announced plans for diplomatic relations with the Vatican.

Presidential Secretary Joseph Short gave this information to newsmen, in response to questions. Other White House sources said it is unlikely Mr. Truman will give a recess appointment to his choice for the ambassadorship to the Roman Catholic church state, Gen. Mark W. Clark.

A recess appointment, made when Congress is not in session, would permit Clark to begin serving before the Senate acts on whether to confirm his nomination. However, it was said that the prevailing opinion is that Clark could not be given such an appointment unless he retires from the Army.

Mr. Truman nominated Clark for the post Saturday, just before Congress adjourned. The Senate took no action on this, nor on a companion request from the Pentagon that Clark be exempted from a law forbidding Army officers from holding civilian government posts.

The United States has not had diplomatic representation to the Roman Catholic papal state since 1868—it has never had a full ambassador there—but Presidents Roosevelt and Truman had a personal representative there from 1901 until January this year. He was Myron C. Taylor, an Episcopalian like Clark.

Various Protestant ministers and organizations continued yesterday to denounce the appointment of Clark on the ground that it was a violation of the American concept of separation of church and state. Catholics generally took the position that it would be in the interests of world peace and welfare.

Also Senator Connally (D-Tex.), chairman of the Senate Foreign Relations committee, which would pass on any ambassadorial nomination, announced yesterday that he will oppose confirmation of Clark. However, Connally based his opposition on military rather than religious grounds.

Connally said that as commander in Italy during World War Two, Clark "mistreated and discriminated against the Texas 36th Division and other Texas troops. He showed himself unfit to fill any high position, either military or civil."

Texas have accused Clark of wasting lives in assaults across the Rio Grande against entrenched enemies. However, Secretary of War Patterson at the time upheld Clark as a wise and careful commander.

Delaney's Record Revealed At Probe

Washington (AP)—Undersecretary of the Treasury Edward H. Foley testified yesterday that Denis W. Delaney, ousted Boston tax collector, had a record involving a petition in bankruptcy and two charges of larceny prior to his appointment in 1944.

Foley declared, however, that an investigation showed all of Delaney's legal obligations had been satisfied by the time he became U. S. collector of internal revenue in Boston.

The new disclosures concerning Delaney, now under indictment on bribery charges, turned up at a House inquiry into reports of widespread irregularities in the nation's tax collection agencies.

42 Persons Die, 100 Injured In Formosan Quakes

Taipei, Formosa, Tuesday. (AP)—Fifteen more earthquake shocks rocked this Nationalist island today, visiting new destruction on the frightened population.

Since 5:40 a. m. yesterday Formosa has been hit by 70 tremors.

Preliminary reports placed deaths at 42, with more than 100 persons injured and thousands homeless.

Hardest hit was Hualien on the east coast which reported more than 20 dead.

President Chiang Kai-Shek ordered all-out efforts for relief of the homeless.

HST Names Jessup As U. N. Delegate

Washington (AP)—President Truman last night announced a recess appointment for Ambassador Philip C. Jessup as a delegate to the United Nations, and declared that some of the accusations raised against Jessup "bordered on fraud."

Mr. Truman roundly denounced what he termed "partisan politics" in the congressional row over Jessup. He also scoffed at fears expressed by some senators that the American people have lost confidence in Jessup, declaring:

"The American people make their judgments on the basis of facts and on the basis of performance."

By implication, the President took a slap at charges aired by Senator McCarthy (R-Wis.), who had accused Jessup of following "every twist and turn of the Communist line" in helping shape U. S. policy in the Far East.

Jessup, a top adviser to Secretary of State Acheson, has sworn he never followed the Communist line, never advocated measures to undermine the Chinese Nationalist government, and never helped bring about the Red conquest of China.

King Hopes To Speed Wedding

New York (AP)—Wealthy Sheppard King III was on his way home to Texas yesterday to clear the stage for marriage to his Egyptian belly dancer—a girl who has fascinated more than one king.

His first step in Houston is a divorce from his American wife, Gloria.

Then it's back to the mysterious East and the arms of Samia Gamil, the dark, lovely Egyptian gal with the built-in Swiss movement.

"The very day I get the divorce, I'm going to hop off to Cairo to marry Samia," the 26-year-old King told newsmen as he flew in from Europe. That should be in four to six weeks, he added.

Chief stumbling block to a romance that began in Paris and blossomed beside the Nile is King's widowed mother, Mrs. Bonner King. She has threatened to disinherit her love-smitten son.

King said he's prepared to dig up a few "family skeletons," if need be, to overcome her opposition. He didn't say what they might be.

Rocket Helicopter

Pasadena, Calif. (AP)—The Navy announced yesterday a one-man rocket powered helicopter is being made ready for a test flight.

Tiniest A-Bomb Exploded By U. S.

(By the Associated Press)

A tiny U.S. atomic explosion, perhaps a baby A-bomb, burst over the Nevada flats yesterday a few hours before the White House announced a third atomic explosion had occurred in Russia.

Both events were wrapped in secrecy's cloak. The Nevada nuclear mass, like the big Alamogordo, N.M., affair more than six years ago, was shot off a tower. But the flash of this one was visible for only a tenth of a second or so. It was not a fizzle or a dud, officials emphasized.

Presidential Secretary Joseph Short said the new explosion in Russia apparently was part of a test series. He didn't use the word "bomb," nor would he say when the explosion occurred. His refusal, he added, was based on "the national interest."

Las Vegas, Nev. (AP)—The tiniest atomic burst ever let loose officially in the United States—so small that it confounded many observers—yesterday pinpointed the road to a possible new age of nuclear weapons.

If this was the baby A-bomb, as some speculated, it was indeed the smallest infant yet reared in the American atomic family.

"It was not a fizzle or a dud,"

Third Atomic Blast Occurs In Red Russia

Washington (AP)—A third atomic explosion has occurred in Russia, the White House announced yesterday.

It "apparently" was part of a test series, Presidential Secretary Joseph Short said. He did not use the word "bomb," as he did October 3 in announcing explosion of a second "atomic bomb" within Russia.

Short summoned newsmen and said:

"Another atomic explosion has occurred within the Soviet Union, apparently as part of a test series. Of course, there may be more such explosions from time to time."

The announcement fitted into a statement, October 6 by Generalissimo Joseph Stalin of Russia. Stalin said then:

"The testing of atomic bombs of various calibers will be carried out in the future also according to the plan for our country's defense against the Anglo-American aggressive front."

Short would not say when the latest Russian explosion occurred, adding "it is not in the national interest to say more than I have already said."

Dock Strike Results In Rail Embargo

New York (AP)—A snowballing wildcat strike of rebel dock workers sealed off the Port of New York yesterday and led to a railroad freight embargo.

An estimated \$4,200,000 pile of merchandise lay unattended on piers throughout the vast port area.

Only one or two piers were reporting operating.

Union longshore leaders who are anti-strike planned a new try at getting their stevedores back to work. They had no luck yesterday.

A freight embargo was ordered by the Association of American Railroads on all shipments consigned for the New York and Jersey docks to keep railroad cars from piling up in the area. Military freight was not affected. Neither was oil, grain and other freight that can be unloaded in storage bins rather than directly onto ships.

Truman Looking For 'New Face'

Washington (AP)—A source close to President Truman said last night that he is looking for a "new face" in the political picture to be the new Democratic national chairman.

This source, unquotable by name, said that many persons are under consideration to succeed William M. Boyle, whose resignation will take effect when the National committee meets October 31.

The President, it was learned, talked during the day with Paul A. Fitzpatrick, Democratic State chairman from New York. Fitzpatrick was not on the President's public calling list, but had an off-the-record appointment with Mr. Truman.

Administration sources say Mr. Truman did not discuss any idea of offering the chairmanship to Fitzpatrick since he is looking for someone from other than the big industrial states.

Dr. Alvin Graves

said Dr. Alvin C. Graves, scientific test chief for the Atomic Energy commission, last night.

And small as the weapon was, it completely demolished the 100-foot steel tower from which it was launched.

"There's nothing left of the tower out there," test manager Carroll L. Tyler told newsmen. He

Capt. Carroll Tyler

said that all AEC personnel wore dark glasses and took the same precautions as customary with a full scale nuclear explosion.

These official statements laid at rest the doubts of newsmen who were pondering the implications of an explosion whose flash was visible for only a tenth of a second or so.

To some observers it appeared a vest pocket version of the great granddaddy of the A-bomb family, the original Trinity blast at Alamogordo, N. M., on July 16, 1945. Like Trinity, yesterday's nuclear mass was shot off a tower, but flared into only the briefest ball of fire and quickly dissolved into the familiar mushroom type cloud.

But other onlookers, who had been expecting something resembling last winter's full blown experiment here, got the impression that the experiment was a fizzle—perhaps a break-off or only partial detonation of a larger mass.

Yet, as AEC Chairman Gordon Dean had said, the scientists headed by Dr. Graves have been working on a small A-weapons program designed to put various new tools in the American arsenal. Control of nuclear fission in a small mass has long been the atomic scientists' dream.

The Graves group, four hours after the test, said the "desired scientific data had been obtained."

Firemen Convicted

Pittsburgh (AP)—A jury found eight McKees Rocks firemen guilty of fraudulent conversion and conspiracy last night after a four-day trial in which the firemen were charged with misuse of their pension fund.

Area Rotary Governor To Visit Club

The Rotary club of Stroudsburg on Thursday will be host to Nicholas M. Rahn, governor of the 262nd District of Rotary International, who is making his annual official visit to each of the 36 Rotary clubs in northeastern Pennsylvania. He will confer with President Gerald Anderson, Secretary Dr. William Toewe and other local officers on Rotary administration and service activities.

Mr. Rahn was a former agent of Carbon county and is a member of the Rotary club of Mauch Chunk. He is one of the 203 Rotary district governors supervising the activities of some 7,300 Rotary clubs which have a membership of 350,000 business and professional executives in 85 countries and geographical regions throughout the world.

Wherever Rotary clubs are located, their activities are similar to those of the Rotary club of Stroudsburg because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, for example, 257 new Rotary clubs were organized in 35 countries of North, South and Central America, Europe, Asia, Africa and the islands of the Pacific.

Modern, Bustling Cities Of Japan Welcome Relief For Soldiers On Vacation From War

By Don Robbins Jr.
Of East Stroudsburg RD 3
With the Third Inf. Div. in Korea—(Delayed) It was 3:30 a. m., Sept. 19, 1951—a man was "sounding off" over the public-address system with:

"All R and R men, fall out for chow."

It didn't take long for the approximately 200 men to "roll out." We were at the Third Division Replacement Co. In a few hours we would be on our way for Japan on the Army's rest and recuperation plan—a five-day vacation for men who had been on the line and in supporting units anywhere from four to 11 months.

By 4:30, we were standing around waiting for the trucks that would take us from the replacement company to the airfield. Soon our transportation arrived—we did not have to be told to get on.

As the sun began to show itself in the east, our convoy of about 12 to 25 trucks roared

through Seoul. Korean shops were being opened and people were getting started in a new day. The truck rolled across the Han River bridge, through Yongdunpo and on toward Kimpo airfield, which is a few miles west of the South Korean capital.

There was plenty of activity at Kimpo. Almost as far as one could see there were quonset huts where Air Force personnel live. On the big field were planes of almost every description and, F-80 Shooting Stars whined out to the main runway, and were soon airborne with a powerful, swooshing thrust—deadly napalm bombs secured to their wings. Mustangs and other piston-type fighters and light bombers took off to pound and harass the enemy. The men commented about not being on the receiving end of those "babies."

Before long, several of us climbed into a big C-54, four-engine transport which was to take us to Osaka, Japan. Most

on their eardrums. We knew that we were descending.

The plane touched ground and taxied up to waiting buses. As we rode to the center of the city, most of us were amazed by such things as paved streets, buildings with windows and four walls, streetlights that worked, cars and, of course, the masses of people, most of whom were wearing western-style clothing.

It was truly wonderful to be back in a surprisingly modern and clean city again. Nobody talked, instead we almost gawked at the civilian activity—like men that have just been released from a long prison term.

In Osaka, an industrial city

which is second to Tokyo in population, we were given our first meal in Japan—fresh milk and other delicacies which most of us had not seen for months. After a shower and a change from the drab fatigues into clean, pressed khakis, we were freed to do as we pleased for five full days, and every man did just that.

The city streets literally seethed with people. There were many Japanese taxi-cabs, most of which are much smaller than American cabs, and there were a surprising number of U. S. cars, driven by soldiers as well as Japanese civilians.

Osaka is almost like any large

Sen. Crowe To Address B'nai Brith

William Brown, president of the Stroudsburg chapter of the B'nai Brith Lodge No. 1299, announced last night that detailed plans have been made to hold the first dinner meeting of the current season. All efforts are being directed toward making this a memorable night.

Ben Howitt, chairman of the Dinner committee, said that arrangements have been made for the dinner at 7 p.m. Wednesday at Riley's Log Cabin, located on Route 209. Preparations are being made for a large attendance.

Montgomery F. Crowe, State senator from this district, will be guest speaker. Senator Crowe plans to discuss the behind the scenes attempt of the administration to promote Governor Fine's State income tax plan. Aligned with several other courageous senators, Senator Crowe has been responsible for the defeat of that program thus far.

Effort

Mrs. Walter Murphy

Mr. and Mrs. Willis Kresge, of Bath, Mr. and Mrs. Edwin Fritz of Nazareth, were guests of Mr. and Mrs. Jacob Smith and Mrs. Elizabeth Kresge over the weekend.

LOCAL CORPS OF THE Salvation Army is being visited this week by Commissioner Thomas Wilson (left). First of a series of meetings was held at the Citadel last night. Others shown are Winona Singer, Mrs. Thomas Wilson, Lt. Spencer, and Major May Adam, commander of the local corps. (Daily Record photo)

Salvation Army Presents Award To Winona Singer

Commissioner Thomas Wilson of the Salvation Army presented the Commissioner's Medal to Sunbeam Winona Singer during a special service at the Salvation Army Citadel in East Stroudsburg last night.

In order to qualify for the Commissioner's Medal a Sunbeam has to be 9 years of age, given two years' service in the Sunbeam movement, must be recommended for the honor by the commanding officer, and must pass certain rank and special tests as specified by the New York Young People's department. She must possess her beginners, second and first class badges. Besides this she must possess the following badges: Bible, nature study, cooking, first aid, homemaking, patriotism, safety-first and swimming.

Both Commissioner and Mrs. Wilson spoke at the service and motion pictures were shown of the work in Africa, Japan, China and Korea. They also showed some interesting colored films of Salvation Army activities in this country and Canada.

They leave today for Sunbury.

107-Year-Old Lady Offers Advice

Danbury, Conn., (AP)—Mrs. Sarah Rockwell offered this advice Sunday to anybody who wants to live a long, long time:

"Be quiet and peaceful and above all good natured."

She should know. Danbury's "grand old lady" celebrated her 107th birthday yesterday, four days ahead of time, because relatives wanted to be with her on a Sunday.

And Not in Hysteria

A Senate subcommittee has voted three to two against the confirmation of Philip Jessup to represent this country before the United Nations.

Despite the committee's vote, after long hearings, it is still possible for Mr. Jessup to be put in the job.

Senator Tom Connally of Texas, by apparently blocking a full Senate vote on the controversial Mr. Jessup before adjournment, has opened the way for a recess appointment by President Truman.

Incidentally, we have an idea that Senator Connally's action—or inaction—in this matter will not escape the attention of the voters in Texas, where he is up for re-election next year.

But we are much more concerned with what President Truman intends to do. We don't think he should name Mr. Jessup in the face of the widespread public distrust of our Far Eastern policy with which he is so closely identified.

That is the issue—regardless of any questions of Mr. Jessup's loyalty or personal integrity.

Senator Smith, New Jersey Republican and supporter of the bipartisan foreign policy, and Senator Gillette, Iowa Democrat, took much the same view when they cast their votes against Mr. Jessup in subcommittee.

As Senator Smith observed, he is "the symbol of a group attitude toward Asia which seems to have been proved completely unsound. . . . His confirmation, I fear, would divide the country at a time when, above all else, we need unity."

This is the calm, reasoned view—miles removed from the hysterical approach of "McCarthyism."

Let President Truman disabuse himself of any idea that it would be "a victory for McCarthyism" if the Jessup appointment were withdrawn. Far weightier questions are at stake here.

Taft Is Ready

Sen. Taft surprised virtually no one with his announcement that he would again seek the Republican presidential nomination.

Taft and his supporters had made it quite clear for some time that Mr. Republican was going to be on the firing line when the battle for the nomination got to the critical stage next year. It will be the fourth time the senator has openly sought the nomination. He lost out to Wendell L. Willkie in 1940 and to Gov. Dewey in 1944 and 1948.

This time Taft may be more fortunate. The chief reason for optimism is the showing Taft made in his campaign for re-election last year in Ohio. Mr. Republican rode in with a handsome 400,000 majority in what everybody thought was going to be a very close election.

This victory added immensely to his prestige. It made Republicans who were lukewarm at best to his candidacy sit up and take notice. It made glamor-minded politicians wonder a little if maybe the voters weren't interested in something other than charm and stage presence in a candidate.

As matters stand, Taft will be a hard man to beat for the nomination. The only serious challenger in sight is Gen. Eisenhower. But the Eisenhower threat will remain academic until the general announces publicly whether or not he will be a candidate.

In this connection, Taft's announcement was particularly timely. Eisenhower has pledged himself to continue as military commander and since the best estimates indicate that the most important part of his job will not be concluded until next year his entry into politics at home would seem to be precluded. Thus, Taft has placed Eisenhower on the spot.

And it must be presumed that Taft would prefer campaigning against a real rather than a phantom candidate. He would therefore like to have Ike speak up.

Try And Stop Me

By Bennett Cerf

Back in circulation is Harry C. Kelley's classic story of the epicure who was forced to seek a meal in a fourth-class dining room because it was the only one in town. The waiter watched him warily, then ventured, "How's the soup?" The epicure answered, "I'm sorry I stirred it."

G. K. Chesterton, a veritable mountain of a man, deeply resented the attention he attracted whenever he ventured abroad on the New York streets. "These autograph hunters are driving me insane," he protested. Somebody asked, "How do they know who you are?" Chesterton replied mournfully, "If they don't know, they ask."

The late Sinclair Lewis had a prodigious memory for poetry. Dorothy Thompson recalls a night when a visiting university don spent a large part of the evening reciting obscure verse. Lewis, who despised what he considered just a vulgar display of erudition, retired behind an outspread newspaper. When the don got stuck in the middle of a little-known poem by John Donne, however, Lewis, peering with gleefully owlish eyes over the newspaper, promptly finished the poem without a moment's hesitation.

Hollywood

By Gene Handsaker

Hollywood—Group singing is fun, but it can be rough on romance. Ask the five DeMarco Sisters.

These attractive, dark-complexioned Italians from Rome—Rome, N. Y., that is—are here for their first movie, "Ski-Itis Ahoy."

"Suppose we're all introduced to a fellow at the same time," said Anne, 24, the eldest. He'll never ask one of us for a date because he doesn't want to hurt the others' feelings."

Or suppose one of 'em has a date, suggested Gloria, 22. The guy calls at their Brooklyn home to take her out. The other DeMarcos have so dolled themselves up, to make a good impression, that all he wants to do is stay there and chat with all of 'em.

Also, the girls have stuck so close together, in 13 professional singing years, that some guys figure a date with one necessitates a date with all. A fellow can see his bankroll vanishing in dinner checks and tips.

The DeMarcos range down through Joan, 20; Terry, 19, and Arlene, 18. Producer Joe Pasternak caught their act at the Copacabana last May and invited them to join his movie as singing quintuplets in the WAVES. Radio listeners will remember hearing them from 1945 to 1949 on Fred Allen's program.

They read not a note, harmonize wholly by ear, and learn a new song in five or ten minutes. Their late father, a jeweler who sang at picnics and club meetings, taught them.

The quintet's first professional engagement was at a Baltimore theater when Arlene, the youngest, was five. They got the Fred Allen booking just as they, their mother and ailing father were about to be evicted from their home for non-payment of rent. They started with Allen at \$750 a week.

These Days — By George E. Sokolsky

Sokolsky

Gen. Douglas MacArthur is introducing into current American politics an altogether new tone. He has by self-appointment made himself the philosophical leader of the Republican party. It is important to note that his acceptance has been almost universal in the rank and file of the party and by extraordinarily large numbers of non-party persons and Democrats. While it is impossible even to hope now for a reorganization of parties to include men of identical views in each party, it is not impossible to rally citizens of divergent views about the personality of General MacArthur.

He is able, as he did in his Miami speech, to establish a basis for the Republican platform and for the campaign that is to be fought. The Republicans dare not, even if they would, ignore the position adopted by General MacArthur because he has clarified issues which they have been developing, thus ending confusion. Senators Lodge, Saltonstall, Ives, Duff and Morse cannot reject MacArthur without imperiling themselves.

It was a political tour de force achievement before the American Legion in Miami. Many reached the conclusion that General MacArthur did not, on that occasion, endorse Senator Taft. Actually, he did. By one stroke, he made it possible for either General Eisenhower or Thomas E. Dewey to assume any form of leadership in the party without a quarrel over his propositions, a quarrel which would so split the party as to guarantee a Democratic victory. Should their leadership assert itself and succeed, then his has failed. The issue is as clear as that. Should Taft become the leader and candidate, MacArthur's keynote speech stands, for they are in agreement.

Washington Report

By Fulton Lewis Jr.

Washington, Oct. 22 — It will be interesting to listen to administration spellbinders who tour the farm belt during the 1952 political campaign.

Back in 1948 cattle were selling for \$40 a hundred and hogs for \$30. Administration spokesmen out wooing the farm vote made it plain then that unless President Truman was voted back in office livestock prices would hit the skids. The President said then:

"I want to say to you that if the farmers of this country know which side their bread is buttered on—and I believe they do—they're not going to put this Republican gang in control of the government."

Cattle and hog prices are considerably lower than in 1948 and the same administration is still trying to drive them lower. Not only are stronger price controls being sought but beef price roll-backs and tighter slaughtering quotas are still a gleam in Mr. Truman's eye.

In September of 1950 the White House insisted loudly that it did not need or want control over wages or prices. There was sufficient legislation on the books to enforce both, but the 1948 campaign promises to the farmers must have still been foremost in the President's mind. At any rate, he dallied for several months and then suddenly discovered that the nation's economy was being threatened by rising beef and hog prices. The price was and still is much lower than in 1948, when Mr. Truman was grabbing for farm votes by promising to keep cattle prices at the \$40 level.

The answer is that the White House needed a propaganda vehicle to sell price and wage controls for political purposes in 1952. The activities of Edward P. Morgan, enforcement director of the Office of Price Stabilization, and Mike DiSalle, the director, are proof enough. There was the added incentive, in addition to making beef and cattle producers political whipping boys, of loading the federal payroll with political hacks to act as high-priced snipers.

Morgan and DiSalle have been threatening meat producers for weeks with a gigantic crackdown, hinting of jail and huge fines. In a "great raid" the first week in October 740 packing plants were accused of 1,849 violations. This was the big crackdown Junior G-man Morgan had been promising.

Three days later DiSalle was backtracking all over the lot. He announced that only 89 violators would be taken to court, and that number will probably be trimmed drastically by the time Morgan's "investigators" get through conferring with justice department attorneys.

Senator Andrew F. Schoepel, the farm state Republican from Kansas, felt by this time that he had had enough. He charged Morgan with irresponsible conduct and with smearing the U. S. meat industry, from the farmers to the processors. Morgan announced the phony raids by stating that "there are affirmative efforts by the meat industry to sabotage the entire stabilization program."

Morgan, of course, will do anything the administration wants him to do. As Schoepel pointed out, Morgan was chief counsel when the senate investigated the Pearl Harbor disaster. Morgan appeared at times less than enthusiastic about some of the investigative leads. He was politically above some of the investigative leads. He was politically malleable, also, when ex-Senator Tydings undertook to investigate the charges leveled by Senator Joseph R. McCarthy at the State department. As Schoepel points out, Morgan wasn't half as threatening to the Communists before his committee, including Earl Browder, as he now is to American meat producers and

ing themselves.

Secondly, while General MacArthur is not a candidate for the Presidency, the Republican rank and file accept his judgment as to the availability of a candidate. Because his judgment is based not on personality but on principle, those who would contest his intellectual leadership will have to attack his principles, which cannot be done without defending President Harry Truman, General George Marshall and Dean Acheson, and that no Republican can do and survive.

This was General MacArthur's achievement before the American Legion in Miami. Many reached the conclusion that General MacArthur did not, on that occasion, endorse Senator Taft. Actually, he did. By one stroke, he made it possible for either General Eisenhower or Thomas E. Dewey to assume any form of leadership in the party without a quarrel over his propositions, a quarrel which would so split the party as to guarantee a Democratic victory. Winchell

had been told I was in the place at the time.

I was not in the Stork Club at the time of the alleged discourtesy. . . . I saw Miss Baker and her party arrive. I saw them seated at a table . . . about six or seven from where I sat with newspaper friends . . . I was told that they were served at least two rounds of drinks before any unpleasantness happened.

From where I sat everything seemed both normal and peaceful, and it did not occur to me that it would be otherwise . . . After nearly one hour, my friends and I left to attend the after-midnight preview of a new movie on E'way . . . I did not know there had been any incident until late the next afternoon when I received a complaint by telegram.

After 20 years on the air and almost 30 in the newspapers, I thought my record was crystal-clear when minorities are getting kicked around. It irritates me now to have to recite that record and disgrace myself with any defense. But I have to do it to remind some people whose memories are astonishingly short . . . The facts are that whenever I have been called upon in the case against man's inhumanity to man I was always easily recruited. For anyone to demand of me where I stand when any person is discriminated against in a public place, means that that person is no friend of mine.

I am appalled at the agony and embarrassment caused Josephine Baker and her friends at the Stork Club. But I am equally appalled at their efforts to involve me in an incident in which I had no part.

The following letter is from Walter White, executive secretary of the National Ass'n for the Advancement of Colored People:

"Dear Walter: I have examined the facts in the Josephine Baker-Stork Club incident. I have learned that you were unaware of what happened and did not know that she had been the subject of discourtesy."

"I know your record too well in your opposition to racial and every other kind of discrimination to believe that you would be a party to any insult to human dignity.—Walter White"

Last week I called attention to a notorious amendment attached to the Declaration of Peace with Germany. I gave it my entire newspaper column on Tuesday. Thanks to many thousands of readers who sent it to their Congressmen, that rotten amendment was defeated by a voice vote in the U. S. Senate 2 days later . . . The highest taxes in our history are about to go into effect. The tax bill is so high that European money is running away to South America for fear it will have to pay part of the cost of defense. The truth is that if European troops are as timid as Europe's money, we are kidding ourselves if we think we have allies. The financial crisis is due in Europe because financial showdown with our allies is overdue in Washington . . . The new pay-as-you-go policy is mis-named. It

their farm suppliers. It all depends on whose propaganda you are making at the moment, apparently. By firing DiSalle, Morgan and his whole crew of political snipers we could save a lot of tax money. All we've gotten for our cash so far is propaganda designed to make votes, which is a high-priced may of them even for the Pendergast school of politicians.

and may yet achieve a greater unity in the party than has existed since 1936. For whereas many Republicans favor Eisenhower, none can afford to oppose MacArthur in principle, except Wayne Morse, who, from the standpoint of the party, does not matter much.

The danger to Senator Taft's aspirations is that many who are opposed to him may turn from Eisenhower to MacArthur as a candidate. Should Winston Churchill become Prime Minister at 77, the argument against MacArthur becoming President at 73 would be weakened. And if age is gauged by arteries, MacArthur is as young as he looks.

The Taft management seems to be assured that this will not happen and, at this stage, it is not very important. What does matter is that "We-Tools," the invention of Wendell Willkie, the bipartisan foreign policy, the product of Senator Vandenberg, John Foster Dulles and Thomas E. Dewey, are dead. It must be remembered that in 1944, Dewey and Roosevelt, through General George Marshall, reached an agreement limiting the debate within specific margins. In effect, this was an agreement between the Democratic and the Republican parties to withhold from the

Washington Report

By Fulton Lewis Jr.

Washington, Oct. 22 — It will be interesting to listen to administration spellbinders who tour the farm belt during the 1952 political campaign.

Back in 1948 cattle were selling for \$40 a hundred and hogs for \$30. Administration spokesmen out wooing the farm vote made it plain then that unless President Truman was voted back in office livestock prices would hit the skids. The President said then:

"I want to say to you that if the farmers of this country know which side their bread is buttered on—and I believe they do—they're not going to put this Republican gang in control of the government."

Cattle and hog prices are considerably lower than in 1948 and the same administration is still trying to drive them lower. Not only are stronger price controls being sought but beef price roll-backs and tighter slaughtering quotas are still a gleam in Mr. Truman's eye.

In September of 1950 the White House insisted loudly that it did not need or want control over wages or prices. There was sufficient legislation on the books to enforce both, but the 1948 campaign promises to the farmers must have still been foremost in the President's mind. At any rate, he dallied for several months and then suddenly discovered that the nation's economy was being threatened by rising beef and hog prices. The price was and still is much lower than in 1948, when Mr. Truman was grabbing for farm votes by promising to keep cattle prices at the \$40 level.

The answer is that the White House needed a propaganda vehicle to sell price and wage controls for political purposes in 1952. The activities of Edward P. Morgan, enforcement director of the Office of Price Stabilization, and Mike DiSalle, the director, are proof enough. There was the added incentive, in addition to making beef and cattle producers political whipping boys, of loading the federal payroll with political hacks to act as high-priced snipers.

Morgan and DiSalle have been threatening meat producers for weeks with a gigantic crackdown, hinting of jail and huge fines. In a "great raid" the first week in October 740 packing plants were accused of 1,849 violations. This was the big crackdown Junior G-man Morgan had been promising.

Three days later DiSalle was backtracking all over the lot. He announced that only 89 violators would be taken to court, and that number will probably be trimmed drastically by the time Morgan's "investigators" get through conferring with justice department attorneys.

Senator Andrew F. Schoepel, the farm state Republican from Kansas, felt by this time that he had had enough. He charged Morgan with irresponsible conduct and with smearing the U. S. meat industry, from the farmers to the processors. Morgan announced the phony raids by stating that "there are affirmative efforts by the meat industry to sabotage the entire stabilization program."

Morgan, of course, will do anything the administration wants him to do. As Schoepel pointed out, Morgan was chief counsel when the senate investigated the Pearl Harbor disaster. Morgan appeared at times less than enthusiastic about some of the investigative leads. He was politically above some of the investigative leads. He was politically malleable, also, when ex-Senator Tydings undertook to investigate the charges leveled by Senator Joseph R. McCarthy at the State department. As Schoepel points out, Morgan wasn't half as threatening to the Communists before his committee, including Earl Browder, as he now is to American meat producers and

ing themselves.

Secondly, while General MacArthur is not a candidate for the Presidency, the Republican rank and file accept his judgment as to the availability of a candidate. Because his judgment is based not on personality but on principle, those who would contest his intellectual leadership will have to attack his principles, which cannot be done without defending President Harry Truman, General George Marshall and Dean Acheson, and that no Republican can do and survive.

This was General MacArthur's achievement before the American Legion in Miami. Many reached the conclusion that General MacArthur did not, on that occasion, endorse Senator Taft. Actually, he did. By one stroke, he made it possible for either General Eisenhower or Thomas E. Dewey to assume any form of leadership in the party without a quarrel over his propositions, a quarrel which would so split the party as to guarantee a Democratic victory. Should their leadership assert itself and succeed, then his has failed. The issue is as clear as that. Should Taft become the leader and candidate, MacArthur's keynote speech stands, for they are in agreement.

American people specific data which they were entitled to have, discussed in a Presidential campaign.

Such Republicans as Herbert Hoover and Robert A. Taft were openly opposed to this arrangement when it was made, but they were overwhelmed by the war atmosphere of the time.

Now, however, MacArthur has brought the consequences of these arrangements to public attention in so eloquent a projection of his own philosophy that no Republican can risk his wrath. He has made Marshall, Acheson and Eisenhower and what they have stood for since 1945, and possibly since 1943, the Republican issue. He did not limit himself to Korea or China or even to foreign policy. He made it all of one piece and then mounted our domestic affairs on top of it and showed it to be toppling over. To deny the accuracy of his bill of particulars would be futile; the facts establish not only the sureness of his findings but the reliability of his data. To contest his facts is to support those offered by Acheson, which would leave the Republicans without an issue.

From the Miami speech until the Republican convention of July 7, 1952, MacArthur will be the keynote of his party.

Tobyhanna Man Dies Of Injuries Received When Hit By Car

Ensminger Succumbs In Hospital

Tobyhanna — Willis Erving Ensminger, 76, died yesterday at Monroe County General hospital about 36 hours after being struck by a car here.

In connection with the death, a charge of involuntary manslaughter will be made today against Roy G. Isley, 29, who gave his address as 15 Crystal St., East Stroudsburg.

Isley has been in the county jail since 2:30 p. m. Sunday, when he was committed in lieu of \$500 bond on a charge of failing to stop at an accident scene.

Pfe. James Horan of the Mount Pocono State police said a third charge will be lodged against the East Stroudsburg truck driver: Driving while intoxicated.

Isley will face all three charges in a hearing at 1 p. m. today before Justice of the Peace Marshall H. Neyhart.

The accident occurred about 10 p. m. Saturday in front of Blake's Beechwood Resort on old Route 611, which passes through the center of this village.

After preliminary treatment, the aged man was taken to the hospital by the Pocono Lake volunteer ambulance. He had suffered scalp cuts, possible skull fracture, ruptured viscera, a broken pelvis.

Ensminger, a widower who lived alone at his Tobyhanna home, died at 10:54 a. m. yesterday.

An autopsy was ordered to determine the exact cause of death.

Justice Neyhart, who is serving as acting county coroner, said a report on the autopsy will be issued today.

The body was released to the William R. Thomas funeral home, Stroudsburg, for later transfer to a funeral home at Moscow.

Pfe. Horan is continuing his investigation. Yesterday morning he took Isley to the Stroudsburg State police barracks for further questioning.

He said Isley admitted he had been drinking at a bar in the vicinity of Tobyhanna before the accident occurred.

After leaving the bar, Isley described a minor collision with another vehicle near Tobyhanna, Horan reported.

The other auto, a pick-up truck, was owned by John Shimko, Tobyhanna restaurant operator, and driven by a workman from the military reservation nearby, Horan said.

The State policeman said Isley and the other driver talked briefly after the collision, then each drove on. The accident was reported to Mount Pocono police in a telephone call by Shimko.

Minutes later, Ensminger was hit by a vehicle which failed to stop.

Pfe. Horan said Isley claimed that somewhere on the way to Stroudsburg, along Route 611, he picked up a hitch-hiking sailor and asked him to drive.

The sailor took the wheel, Isley told Horan, and "I went to sleep." Isley told Horan the sailor woke him at Stroudsburg, then left on foot. Isley drove on home, he told Horan.

Services will be 1 p. m. Thursday at Wesley Franklin funeral home at Moscow, with the pastor of Tobyhanna Methodist church officiating. Burial will be at Moscow cemetery. Friends may pay respects tomorrow night at the Moscow funeral home.

Ensminger was a retired signal helper for the Delaware, Lackawanna and Western Railroad, and a member of the Tobyhanna Methodist church.

He was born in Ohio, and was a former Stroudsburg resident. He moved to Tobyhanna in 1912.

Surviving are a daughter, Mrs. John Preston, of Hasbrouck Heights, N. J., and two sons, Chester, of Scranton, and William of Somerville, N. J., five grandchildren and two great-grandchildren.

Supervised Window-Scene Painting Replaces Halloween-Time Vandalism Of Yesteryears

By Franklin Banker

Written for Central Press and The Daily Record

Halloween isn't what it used to be—now that more and more merchants are holding window painting contests to make the season of the spooks creative instead of destructive.

Many youngsters have lost the burning desire to hang Neighbor Smith's garbage pail on top of a telephone pole. They would rather seek prizes and some local distinction by competing in a water color contest which places their artistic endeavors on view in the most conspicuous places in the community—the store windows.

The contests are usually sponsored by the city recreation departments or merchants bureaus. School groups, as well as boys' clubs, settlement houses and kindred organizations, are invited to participate. Merchants gladly offer the use of their store windows as "canvases."

Although only two years old, the window painting program in the progressive village of suburban Scarsdale, N. Y., has won so much success that there aren't enough store windows to go around. First on the application list this year were 100 children turned down last year.

The Scarsdale youngsters, ranging in age from 6 to 18, cheerfully supply their paints and brushes. Competing for a total of 23 gold and silver cups, they complete their painting between the hours of 9 a. m. and 5 p. m. on the last Saturday in October.

Merchants who appreciate the resultant reduction in vandalism welcome the multicolored likenesses of hobgoblins, ghosts, skeletons, broom-riding witches, jack-o'-lanterns, black cats and headless horsemen.

Police, too, lend grateful support. Scarsdale police credited the window-decorating scheme with a 50 per cent cut in Halloween destruction.

Other window painting contests winning comment in this area are held at Katonah and Bedford Hills, N. Y., New York's famed Tavern-on-the-Green in Central Park applied a variation of the idea by inviting 20 youngsters to draw pictures on its windows with soap.

The program at Williamsport, Pa., has also attracted notice. The Williamsport board of education backed the idea to the hilt by arranging for art teachers to instruct pupils in how to paint Halloween subjects. The number of available store windows there has grown from 135 last year to 200 this autumn, with the list of contestants soaring above 200.

Williamsport, Phillipsburg, N. J., and other communities combine window painting contests with the costume painting contests that thrive in the eerie October evening. Phillipsburg takes its painting contest so seriously that an elimination sketch contest is held at the high school to select contestants.

County PMA To Hold Election

Monroe County Production and Marketing administration committeemen for 1952 will be elected today by seven community delegates who will meet at 9:30 a. m. in the PMA office at the county court house.

The meeting will be conducted by Kenneth R. Craft, farmer field man of the PMA for eastern Pennsylvania.

Grange Convenes

Butler (AP)—More than 1,500 delegates opened the Pennsylvania State Grange convention yesterday. Miles Horst, State secretary of agriculture, is listed as the main speaker. The convention ends Thursday.

Population of the Azores is about 500,000.

combined (making a total of ten or more board members) with the excess members voted out by election during the years following until the total again is brought down to the legal limit. If the area is still less than 20,000 population, it remains a fourth class district.

The second such method (and in Henderson's expressed opinion, the less desirable of the two) is the joint board.

In this case the joint board is set up not by vote of the electorate but by the board members themselves, who, in turn, draw up their own agreements.

After bringing his address to a close, Henderson asked for questions from the audience. In response to one of these questions he expressed personal opposition to a wholly centralized consolidation in which students are all "brought together under one big roof" in the hope of educating them.

Van Ness, during his portion of the program, discussed over twenty bills which are either now pending or have been passed by the State Legislature during the

year 1951. Occupying an important position on the list was House bill 333 which mandates salaries on a schedule ranging from the base \$2400 to \$4800 by 2000 steps. The bill also provides for double increment during 1950 and 51.

Riding along with House bill 333 is Subsidy 334 which raises base appropriation to \$3850 per unit unless the district is already operating at a minimum in which case the jump amounts to only \$200.

Members of the convention voted on nominations submitted by the Nominating committee. The following nominations were read by Nevin Hummel, a member of the committee.

Delegates to State School Directors convention: James Cadue, Coalbaugh township; Earl Rose, Barrett township. Alternate delegates: Jacob Meekes, Eldred township; Henry J. LaBar, Delaware Water Gap borough.

Members of the county board: Howard S. Eckert, East Stroudsburg borough; Robert C. Frailey, Pocono township.

POS Of A Hits Sending Envoy To Vatican

A resolution "vigorously protesting the sending of any representative from the United States to the Vatican" and urging all who believe in separation of the church and state to take a similar position was adopted unanimously last night by members of Camp 236, Patriotic Order Sons of America.

The resolution will be embodied in a wire to the White House, Rep. Francis E. Walter, Senators Edward Martin and James Duff.

The action also called on others who agree with this position to immediately write or wire the same Washington officials, officers of the camp announced.

Percy Marvin, East Stroudsburg, presided at last night's meeting. A committee was appointed to arrange for a public, county-wide rally which will be addressed by Col. W. F. Helmick, Washington, D.C.

Colonel Helmick was on the staff of Gen. Lucius Clay in Berlin. The time and date of the meeting awaits Helmick's response.

The committee consists of Willard Kintz Jr., chairman; Percy Marvin, C. W. Counterman, John J. Stokes, Dale H. Leonard.

Members voted a \$25 contribution to the Youth Center sponsored by George N. Kemp Post, American Legion.

DAR Chapter Has Program On Indians

Jacob Stroud chapter, Daughters of the American Revolution, last night held its only night meeting of the year, when the program included a paper by Mrs. Jonas T. May on the DAR work with the American Indians, and a report on the recent state convention given by Mrs. G. Raymond Hood, and Mrs. Harold C. Edwards.

In her paper, Mrs. May stressed the importance of educating the Indian both for the very different life he faces when he leaves the reservation, and for vocational training to increase the productivity of the reservation itself. She told of the D.A.R. support of two Indian schools, one a high school for girls in South Dakota, and the other a junior college in Oklahoma.

Special music was presented in two piano solos by Mrs. Leo Dornbos, who was introduced by Mrs. E. H. Calkins.

Mrs. Milo Rasely reported on the recent rummage sale, and Dr. Edna Rosenkrans, chairman of the newly organized budget committee, gave a preliminary report.

Refreshments were served by Mrs. Edwin B. Hughes, Mrs. Paul Ackerman, Mrs. A. Roe Bush, and Mrs. Harry Warwick and Mrs. W. R. Erickson.

Ever-Welcome Bakes Pies, Stuffs Dolls

At the October meeting of the Ever Welcome class of the Stroudsburg Methodist church held in the church social rooms, reports were given of various class projects. Mrs. Hazel Fenner presided at the meeting which was opened with prayer by Mrs. William Thomas.

One of the projects of the class is baking pies for sale each Wednesday, and Mrs. Thomas reported on the number sold to date. Mrs. Martha Starnier exhibited stuffed dolls.

The class voted to give \$10 to the Community Chest.

Refreshments were served by Mrs. Arlett Learn and Miss Emma Butz to Mrs. Maybelle Frailey, Mrs. Vinnie Hartman, Mrs. Edith Everett, Mrs. Sarah Wilson, Mrs. Hazel Fenner, Mrs. Elizabeth Hintze, Mrs. Martha Starnier, Mrs. Agnes Gunn, Mrs. Ruth Warncke, Mrs. Myrtle Wertheimer, Mrs. Jennie Miller, Mrs. Edna Imbi, Mrs. Flossie Siff and Mrs. Ellen Thomas.

Just Between Us

—By Bobby Westbrook

Learn something new everyday, you do—and I never knew before that you could play a solo on a bass horn. As a matter of fact, you probably couldn't, but Floyd Frisbie can, as he demonstrated at the Band Parents meeting last night.

Even more awe-inspiring Pete playing "Abide with Me" on the tuba, and a lot bigger. Though the big news from the Band Parents was Director Fyle's new baby, in which every member of the band has a very proprietary interest.

And I have a very proprietary interest in my sheets too, and I've put a lock on the linen closet. There are so many Halloween parties these next few days that we're going to run out of costumes long before we run out of parties—but no more sheets is the final edict.

Between painting store windows for real, going to parties at school and at clubs and at class meetings, and hay rides and one thing and another, it wonders me when the kids are going to get a chance to go out for "tricks or treats."

But neatest trick of the week is that sign on the General Hospital's tender new lawn. Says simply "Please, I'm trying to be a lawn". Bet it works, too.

This "Wreck" Planned
The "wreck" planned by the 8 at 40 salon will be held Thursday night at the American Legion home, with a special program planned. All officers are requested to wear white.

Circle To Meet
Mary Anderson Circle of the Stroudsburg Presbyterian church will hold its first fall meeting on Wednesday afternoon at 2 at the home of Mrs. Charles Auger, North Fifth St. All women of the church interested in helping with the project of the circle are invited to join the group of which Mrs. E. Holt Wyckoff is chairman.

LADIES AID WAS NEVER like this, but the children at the Beaver Valley school had a lot of fun making like their elders at the meeting of the Hamilton Township PTA.

Christmas In October At Moose Hall

There was a decorated Christmas tree, and lots of Christmas presents at the October meeting of the Women of the Moose held at the Moose Hall. It was the customary "Christmas in October" when the members brought their gifts for the children at Mooseheart, and after the meeting wrapped them for mailing.

The Christmas tree was decorated by Hazel Gage, and it was announced that members could see Mooseheart in action in the moving picture, "Child City," coming to the Grand October 31, and November 1.

Four new members were initiated: Olive Reindmiller, of Bushkill; Helen Mervine Sperling, of Stroudsburg; and Ruth Transe and Carolyn Brodt, East Stroudsburg.

At their 9 o'clock ceremony, members honored the memory of Paul Gagnon, who was a member of the local Moose.

Refreshments were served after the meeting.

Boy Scouts Lend Helping Hand To Girl Scout Camp

The work at the Girl Scout Camp Lloyd Treble really went ahead when the members of the Explorer Post, Boy Scouts, of which Summer Bossler is leader, took over on Saturday.

Working under the direction of Ralph Scheirer, they laid almost half of the floor. Boys who gave of their time included Jack Dornbos, Bob Wilcreek and John Willhoff. They expressed their willingness to go again, and Mrs. William Miller plans to arrange another type of work for them next Saturday.

Also working on the camp building over the weekend were Bernie Newhart, Pearly Hunt, William Miller and Gerald Miller. Meanwhile Girl Scouts and their leaders completed painting the roof panels, with Mrs. Camille Harvey, Barbara and Mary Sue Harvey, Judy Shea and Laura Bauscher helping with the project.

Tall Cedars, Aux. Meet Wednesday

Pocono Forest, No. 124, Tall Cedars, will meet Wednesday night at 8 o'clock at the IOOF hall for the transaction of business and conferring of degrees.

Final plans will be made for Ladies Night, scheduled for October 29.

The Auxiliary will meet at the same time and place and will serve refreshments after the meeting.

Surprise Party Marks Name Day Of Jerry Avlon

A surprise party was given in honor of Jerry Avlon at his home 127 Broad St. South Stroudsburg on Saturday night, celebrating his name day according to an old Greek custom, which substitutes it for the more customary birthday party.

Those paying tribute to Mr. Avlon included Mr. and Mrs. George Masfield, of Forest Hills, N. Y., Peter Antonakes, of New York City who was the guest of Mrs. Lucy Demetriou and her parents, Mr. and Mrs. M. K. Demetriou, who were also present for the party, as well as George Metropoulos, Mr. and Mrs. George Anton, Mr. and Mrs. Nicholas Russopoulos, Alex Davi-duke and William Livadas.

Beaver Run Children Give PTA Program

Hamilton Township — The Beaver Valley school pupils of which Mrs. Mildred Cyphers is teacher presented the program for the October meeting of the Hamilton Township Parent Teachers association last night.

The program included a one-act play, "The Ladies Aid Church Supper" with Sandra Peppell as coordinator and Evelyn Pensyl as announcer.

Taking part in the entertainment before the make-believe supper were: Joanne Pensyl, who gave the welcome; a choral speaking group who gave Joaquin Miller's "Columbus"; by James Shafer, Jennie Shafer, Hope Tomasic, Gary Dotter and Earl Wertheimer.

A poem, "October's Bright Blue Weather," spoken by Joanne Pensyl, Veronica Metzgar, DeEtte Benninger, Clifford Kunkle, Sandra Peppell, Louise Pensyl, Donald Pensyl and Teresa Smith; a pantomime, "Shoemaker's Song," with Louise Pensyl as director with Joanne Pensyl, Judy Kunkle, DeEtte Benninger and Teresa Smith taking part; and a final poem, "The Cow" by R. L. Severson, spoken by Judy Kunkle, DeEtte Benninger and Joanne Pensyl.

The supper itself featured Hope Tomasic as the president of the Aid society; and Jennie Shafer, Janet Price, James Shafer, Sandra Peppell, Earl Wertheimer, Evelyn Pensyl and Louise Pensyl portraying the members. The supper closed with a song with Sandra Peppell and Gary Dotter as soloists.

Third Grade Puts Indians Into Indian Summer

Indian summer is more than a word to the children of the third grade in the East Stroudsburg public schools, of which Mrs. Elmer Taylor is teacher. They prepared an Indian program, making their own teepee, writing their own script and making their own costumes.

They presented it for the other third grade sections last Friday and for their parents and friends yesterday. Nancy Siff and Ruth Flory greeted the guests, and Robert Reid was the announcer. Members of the class told and demonstrated how much they had learned of Indian lore with Gail Swank telling how they make tepees; Susanne Kist, canoes; Henry Townsend, build fires; Rochelle Ellwieg, make dishes; Mary Whitaker, care for children; Beverly Ellwieg, kind of clothing; Susan Flory, how they make it; Terry Dailey, how they hunt and fish; Erich Stabenow, how they fight; Herbert Reisenwitz, war dances; Barbara Smith, their food; Jack Fellman, their chiefs; and Sharon Jones, tomtoms.

Taking part in the playlet, also were Carol Cartwright, Edgar Cruse, Dale Fitzyk, Richard Ladlee, David Ludwig, Marian Smith, Dorothy Smith, Warren Whitaker, Donna Rowe and Sally Garris.

Panel Program At Auxiliary Meeting Tonight

Mrs. Edward C. Hess will serve as moderator of a panel discussion to be held tonight at the meeting of the Woman's auxiliary of the Stroudsburg Presbyterian church at 8 o'clock.

Members of the panel will discuss under separate headings: "Position," "Personality" and "Possessions."

The Irene Reiser circle will serve as hostesses with Mrs. Bernard Peters, Mrs. Edward Treible and Mrs. Edward Stevens as hostesses.

Mrs. Merle C. Ostrom, president, has called a meeting of the executive committee for 7:15.

SHS Band Parents Plan Bake Sale, Hear Bass Horn

The Stroudsburg Band Parents meeting last night in the band room at the high school, made plans for a bread and cake sale to be held November 9 at Wyckoff's store.

Mrs. Jack Mullins is chairman of the bake sale, and will be assisted by Mrs. Russell Harmon, Mrs. Roy Laise, Mrs. Park Rockwell, Mrs. Mary Hickie, Mrs. Merle Stevenson, Mrs. William Frey, and Mrs. Floyd Fetherman.

Each member of the band will be called upon for a contribution to the sale.

Jack Mullin, president, presided at the meeting, and John Pyle, band director, presented Floyd Frisbie in a bass horn solo, with Numa Snyder as his accompanist.

Square Dance Is Held Saturday For Mrs. Metzgar

Mrs. Earl Metzgar of Cresco was the guest of honor at a surprise birthday party held Saturday night at the home of her son-in-law and daughter, Mr. and Mrs. Harold Miller, of East Stroudsburg.

There was square dancing both for the adults and the children; and a buffet supper was served.

Guests were Mr. and Mrs. George Vogt, Mr. and Mrs. Stanley Miller and children, Lois and Stanley, Mr. and Mrs. William A. Price and son, Millard, Mr. and Mrs. Charles Cooper and daughter, Emily, Joanne Cooper, Mr. and Mrs. Wilmer Metzgar and children, Karen, Shirley and Earl, Mr. and Mrs. Earl Metzgar and the hosts Mr. and Mrs. Harold Miller and children, Linda Joyce, Barbara and Earl. Mrs. Metzgar received many gifts.

Study Group To Discuss Trouble Spots

The International Relations Study Group, sponsored by the American Association of University Women, will hold the first meeting of the new year on Thursday night, October 25, at 8 p. m., at the home of Mr. and Mrs. Kurt Wimer, in Bartonville.

"Current Events in the International Field" will be discussed by members of the group. Special emphasis will be given the political situations in Egypt, Iran and Pakistan. Dr. Veva Doan, of the East Stroudsburg State Teachers College faculty, will provide maps for the discussion.

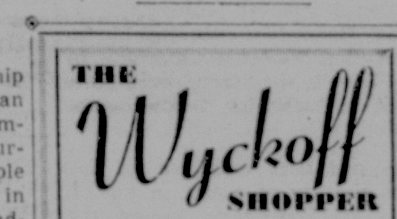

Everyone in the community is welcome to any study group meeting. Those desiring transportation should phone Miss Ruth Black at 1265 after 6 p. m.

To reach the Wimer residence from Stroudsburg, they turn right at the main crossroads in Bartonville to a stone house on the right.

Twenty Year Club Has Dinner At Philadelphia

Swiftwater — The annual celebration of the Twenty Year club of the National Drug Company was held on Thursday, October 18, with dinner at the John Bartram hotel in Philadelphia, and followed by a theater party at the Shubert theater where "Top Banana" was seen.

Four members from Swiftwater who attended were: Russell P. Kneer, director; Clarence Rinker, Elmer Mader, and David Coffman. Three other Swiftwater employees also along, but did not attend this year, i. e.: Charles Mader, Russell Bach, and Clarence Mader.

The spice of life isn't only in variety. It is in the salt and pepper shaker, whether that shaker is the old-fashioned utility type or a new, amusing novelty as young as tomorrow. It wasn't until yesterday, when I saw a large display in my favorite store, that I understood why so many women find "salt and peppers" interesting enough to be collected as a hobby.

In price these dashing little ceramics range from nineteen cents to \$1.98 a pair—certainly not expensive when one considers the amount of fun they will bring to the whatnot or table.

For dignity, the shopper might choose the French poodles with their ridiculous hairdos and bored faces. But strictly for laughs one would settle upon top-hatted Mr. Bird, waiting patiently outside of the nest for Mrs. Bird, who finally emerges in her new fall bonnet. Equally unusual is Mr. Mouse, a salty fellow, with a wedge of pepper-filled cheese.

Not only would any of these add a perky note to the breakfast table; they would be worth their weight in gold to the shut-in lucky enough to find them on his tray. Nothing could be a more suitable, smile-provoking gift for a Sunshine Basket . . . and at such modest price.

The Gift Shop offers other shakers at \$1.25 that are reminiscent of old carafes. These are wound with raffia, a dangle with wooden balls. Matching oil and vinegar bottles come in appropriate sizes. On the practical side too are the plastics of squeeze-dispenser type with wooden tops, priced at \$1.00, that are said to be the perfect answer for pouring salt in damp weather.

Even if variety is the spice of life, it's the shaker that's the life of spice.

Junior Class To Take Trip To New York

This year the New York Times celebrates its one-hundredth anniversary as the "gray lady" of American journalism. Wednesday morning, a group of East Stroudsburg High school juniors will get firsthand knowledge of what makes the Times tick.

The students, under the supervision of John Eckert, an instructor at the high school, are scheduled to make a special trip to New York City for the purpose of studying the newspaper.

First stop on the students' schedule will be the Times building where they will be taken on a tour of the newsrooms, editorial and advertising departments and the printing plant.

Following the tour of the building, the students will be guests at a luncheon given by the Times staff.

Before returning home Wednesday night, the group will attend a performance of Sally Benson's musical adaptation of "Seventeen," based on stories by Booth Tarkington, at the Broadhurst theatre.

Modern Japanese Cities Welcome Relief To Yanks

(Continued from Page 2)

Stateside city. There are spacious department stores along with myriad small shops which sell everything imaginable. The people seemed to be in just as much of a hurry as those in New York or Chicago.

In a few days, I left the excitement of the city, and boarded a fast Japanese train heading north. My destination—Otsu. After a short busride from the Otsu station, I was at one of the Army's Special Services hotels. It is located near Lake Biwa, the largest fresh-water lake in Japan.

The Army does a good job of giving the hotel the atmosphere of a good civilian establishment in the States. It was great to

sleep on a western bed with springs and mattress, plus sheets, and to sit at a table and be served by pretty Japanese waitresses.

All kinds of indoor as well as outdoor sports gave the Korean weary GIs plenty to do. The lake and nearby mountains made an ideal place for the men to spend a few days—men who were accustomed to the hardships of a war-zone.

The time slipped by quickly,

Life of Riley

By JIM RILEY
Sports Editor

Seven days make up an official week, but seven days also make up an eternity as far as East Stroudsburg and Stroudsburg High school football fortunes are concerned. It was only last week this time that the ol' bobbins were down as far as it could possibly get on N. Courtland St., while the spirit was at a terrific peak out on W. Main St., following Stroudsburg's seventh straight victory over the Cavaliers. However, quite the opposite is true this week.

East Stroudsburg evened its record last Friday by downing Wilson Borough, 25-6. The Cavaliers were called upon to defeat a club that was terrifically large for a high school eleven, in fact it was one of the largest scholastic teams that this writer has ever seen in action. However, the charges of Coach Jack Kist found that needed mark somewhere late last week and even Wilson's size couldn't keep the determined Cavaliers from bringing home the bacon for the first time in seven meetings with the blue and gold clad eleven. The win made up, at least partially, for some of those huge scores that Wilson piled on East Stroudsburg in recent years.

However, quite a different story was unfolded at Gordon Giffels field at the same time. The Mountaineers had their dreams of a possible Lehigh Valley League title, or at least a tie, exploded when Whitehall also came up with a new spark and won over Stroudsburg, 27-7. The loss eliminated the pupils of Coach Jerry Stulgaitis from any championship consideration this year. Stulgaitis had warned all week that this was the big game for his Stroudsburg eleven, but everyone on the outside figured the Mountaineers would come through with flying colors, especially after receiving that added lift from taking the measure of East Stroudsburg only a week earlier.

Whitehall came up with that game that the Zephyrs had been threatening to unfold all season and Stroudsburg happened to be on the receiving end of the right cross that knocked the Mountaineers right out of the title picture. The loss also put the record compiled by the W. Main St. gridders at two wins and four setbacks for the season, while the East Stroudsburg slate is at three victories and the same number of setbacks. The Mountaineers have four games remaining, while East Stroudsburg's slate, one game smaller than last season, will feature only two more encounters.

There were outstanding individuals all over the place in both of last Friday's games, but that East Stroudsburg line to a man deserves the world of credit for the manner in which it completely outplayed the vastly larger Wilson forward wall. However, the outstanding individual defensive play of the East Stroudsburg game was turned in by Marlin "Ducky" Martz, team captain who each game proves more and more why he is regarded as the best back in East Stroudsburg football history, both in the offensive and defensive departments.

The play this writer has in mind occurred early in the second quarter, when a Wilson back, his name and number escape me now, broke through the East Stroudsburg defense and into the clear. Just when it appeared that the big back was touchdown bound, Martz caught the runner from behind with a frantic one hand grasp that caught the ball carrier by an ankle and upended the run. Wilson failed to score in that period and was held scoreless until the last quarter.

Speaking of injuries brings to mind the fact that Martz, Dick Merring, Jim Kintz and two of East Stroudsburg's three ends were forced from the game before the contest was completed and the Eastburg coaching staff had to use a couple of junior varsity performers late in the battle. The boys thought assistant coach Del Davis was exaggerating slightly when his scouting report made such a feature out of the size of the Wilson club. However, the likable coach will never be doubted again.

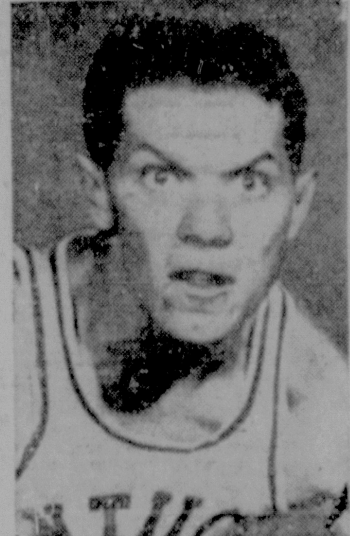

Paul "Candy" Miller also turned in a great game for the Eastburg crew on Friday, running the club like a well schooled general, and shining on defense, especially in the fumble recovery department. However, while speaking of outstanding individual performances, I can't leave out Bill Bailey, who backed up the line for Stroudsburg in the final quarter on Friday. On a series of seven running plays by Whitehall Bailey took part in six tackles and made four of the stops by himself.

Both of the local schools are slated to face troublesome opposition, both on the road, this weekend. Stroudsburg will attempt to snap back into the win column against a tough Catsaqua outfit, while East Stroudsburg invades Coplay. I have been told that the Coplay contingent isn't as bad as its 19-0 loss to Bangor might indicate and if the Cavaliers aren't "up" for this contest, it could very easily result in one of the upsets of the campaign. Coplay reportedly can really toss the ball around.

Canadians Win Initial Jumping Event

By Ben French

Harrisburg, (AP)—A surprising Canadian team won the first event of the three-day international low-score jumping competition last night at the Pennsylvania National Horse Show.

The Canadian civilian team beat out the United States horse show squad in the first team competition at the weeklong show. Canada had a total of only eight faults for its three horses while the United States had a total of 12.

Members

The Canadian team consisted of Tom Gayford, on Skip Across; W. R. Bailard, on Rejeet, and Charles Baker Jr., on Star Clift. Skip Across completed the difficult eight-hurdle course in the only faultless performance of the night. Rejeet and Star Clift each knocked over one barrier.

Following Canada and the United States in the team scoring were Ireland with 23 faults, Brazil with 42 faults and Mexico, which had one entry eliminated.

Low score competition will be continued tonight and Friday afternoon. The overall winner will be the team with the least number of faults for the three events.

The United States team won the international low score competition here last year.

Seven of the 15 mounts failed to negotiate the seventh obstacle—a cross bar hurdle, Capt. Victor Carrillo, of Mexico, was thrown twice at the cross bar by his mount, Resorte II, a green horse schooled only since last June.

Resorte II was eliminated when he refused to take the jump a third time. Carrillo was not injured.

After a lengthy discussion, the judges decided to penalize Resorte II 68 faults, giving the Mexican team a total of 76 faults going into the final two events of the low-score competition.

This practically eliminates the Mexicans from the championship.

Winning Machine Draws Big Crowd

Denver (AP)—Gov. Dan Thornton of Colorado was invited to be an honor guest at yesterday's luncheon of the Colorado University quarterback club. But when he got to the meeting, at a Denver hotel, the place was so crowded he couldn't get in.

So the chief executive went across the street to a restaurant and ate his lunch.

Returns

Then he went back to the hotel and squeezed into the meeting to see pictures of the Kansas-Colorado game several weeks ago. But he still couldn't get a seat—he had to stand up during the film.

"It just shows you what a crowd a winning team will bring out," he commented.

Marciano Treats Friday's Bout With Louis Like All Others

New Schools Expected To Enter Scandal

New York (AP)—Two of the three University of Kentucky players involved in the latest basketball scandal arrived here last night amid reports that still more schools are involved.

Alex Groza and Ralph Beard, stars of recent Kentucky championship teams, were flown here from Chicago. They were accompanied by Assistant District Attorney Vincent A. G. O'Connor and several detectives.

The two stars, both part owners and members of the Indianapolis Olympians of the National Basketball association, will be arraigned this morning along with Dale Barnstable, captain of the 1949-50 Kentucky team, on a charge of accepting a bribe to fix.

Groza greeted reporters with a confused expression and a "I don't know what to say," before they were taken to District Attorney Frank Hogan's office and then an undisclosed hotel.

Before leaving Chicago, O'Connor said:

"Our investigation is continuing. You may assume that other schools probably are involved."

O'Connor's superior, District Attorney Hogan, said at New York: "In line with our policy in these cases, we have consistently refused to name schools that are involved until we have the evidence and the arrests are made."

New Development

O'Connor's comment came as he was asked about a printed report that as many as seven more schools were to be quizzed in the point-rigging scandal that already has touched seven schools and involved some 34 players.

The Herald-American's basketball expert, Jim Enright, wrote under a banner story yesterday that the seven schools to be investigated included one in the Southern Conference.

At New York, Maurice Podoloff, president of the National Basketball Association, said Groza and Beard had been asked to dispose of their stock in the Olympians. The NBA's announcement came after the two players had left for New York, but earlier in the day Beard said I hope we can keep our stock. That's a fine team and we'll be pulling for them."

Affif Gains Nod Over Sanders

Pittsburgh (AP)—Charley Affif of Pittsburgh won a unanimous decision over Jimmy Sanders, another Pittsburgher, in their ten round middleweight bout last night before a sparse crowd of 987.

One Knockdown

Affif scored one knockdown, in the tenth, with Sanders taking an eight count. Affif won seven rounds and lost only two in a slow fight. One round was even, Affif weighed in at 160, five pounds more than his opponent. The slim crowd paid a gross of \$2,087 and a net of \$1,602.

Illegal Block Blamed As Cause For Injury

By Saul Feldman

Oklahoma City (AP)—An illegal block, thrown unintentionally by a keyed-up tackle, apparently was responsible for the injury to Drake halfback Johnny Bright in a football game with Oklahoma A&M Saturday, Coach J. B. Whitworth of the Aggies admitted sorrowfully yesterday.

Whitworth, here for the weekly meeting of the Oklahoma City quarterback club, said movies of the game show that Aggie tackle Wilbanks Smith charged into Bright twice in the early moments of the game with his arms in an illegal position.

The Aggie mentor said he was making no attempt to defend the players action but declared he was certain the illegality of the blocks was unintentional. He said Smith failed to keep his hands on his chest, as stipulated in the rules.

Bright, the nation's leading ground gainer of all time, was taken from the game with a fractured jaw midway in the first period. The Aggies went on to win, 27-14, snapping Drake's five-game winning streak.

Romanowski Continues To Pace Scorers

Philadelphia (AP)—Ed Romanowski of Scranton clung to a one-point lead over Bucknell's touchdown twins yesterday in the red-hot Pennsylvania football scoring derby.

With seven touchdowns and 11 conversions, the Scranton fullback has amassed 55 points in five games, the weekly Associated Press survey shows.

But Brad Myers and Burt Talmage of Bucknell, each with nine touchdowns and 54 points, are closing in fast.

Close

And not far behind are Bloomsburg's Bob Lang and Juniata's "Lucky" Loschavo, each with eight touchdowns and 48 points.

Well down the list, in a three-way tie for sixteenth place, is a lad who may yet threaten for the championship. He is Rich Young of unbeaten Susquehanna, who has piled up 30 points in two games, an average of 15 per game, and in addition has thrown six touchdown passes.

Saylorsburg Elects Officials

Saylorsburg—Graden Praetorius was reelected president of the Saylorsburg entry in the Pocono Mountains League last night at a reorganizational meeting of the team here at the Lake House.

Leon Blake was elected vice president; Kermit Feller, secretary, and Michael Varkony, treasurer. It was the first time each had been named to office.

Manager

Blake was also named manager of the club when Gilbert "G" Overpeck, last season's pilot, refused the nomination for another term. Overpeck was recently named one of the two most popular managers in the circuit.

Praetorius announced that next year's team is expected to be made up of virtually the same members that carried the Saylorsburg banner last season.

Attendance Off In Eastern Loop

Williamsport, Pa. (AP)—The Eastern Baseball league attracted 731,330 fans this season, with Elmira's 126,238 tops in the loop.

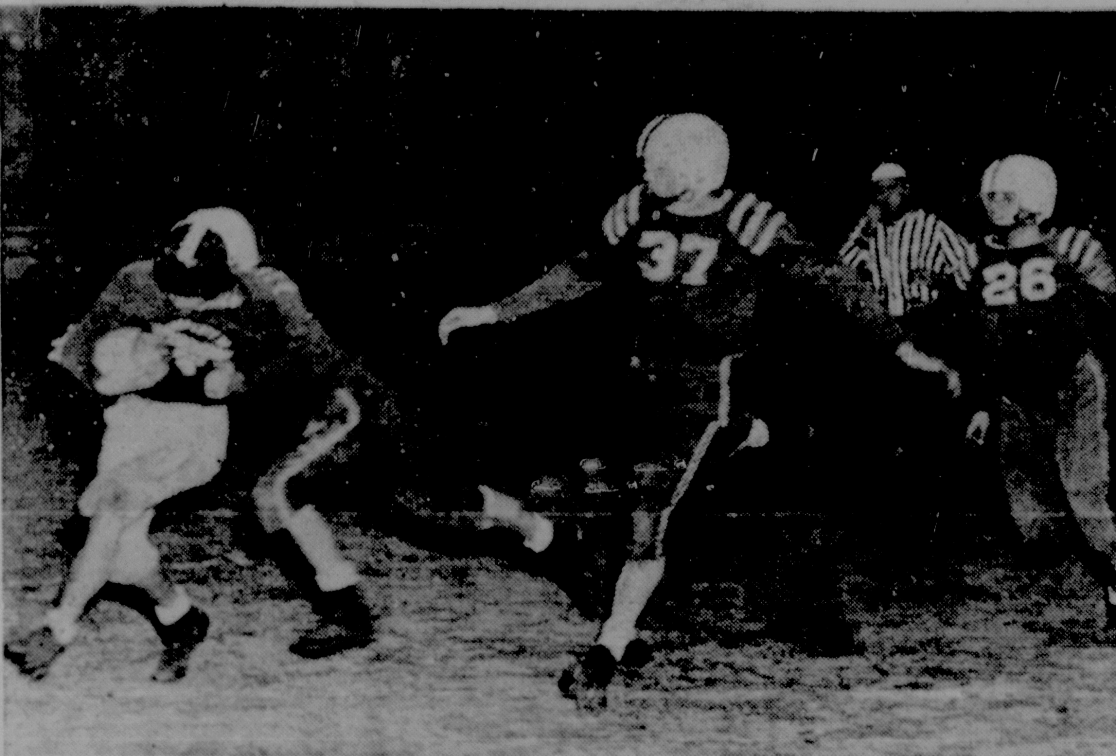

During the regular 140-game season, the eight clubs in the class "A" circuit drew 679,945, a 4 1/2 per cent decline from the 712,576 last year, President Thomas H. Richardson said yesterday.

Attendance at the playoffs for the governor's cup this year hit 51,388, a gain of 22,945 over the 1950 turnstile count.

Four clubs showed an increase during the regular season this year, Richardson said — Elmira, Schenectady, Hartford and Scranton.

Palmerton Yearlings Trip Stroudsburg

A 60 yard touchdown run by Dick Rough broke up a junior varsity football game at Gordon Giffels field yesterday and enabled Palmerton to gain a 7-0 victory. Rough broke off tackle and outraced the defending Mountaineers to the double chalk mark.

Stroudsburg held the upper hand through most of the battle, completing at least ten passes thrown by Paul Lim and Bob Smith. However, the Mountaineers were never able to turn any of their offensive thrusts into touchdowns.

Extra Point

A pass from Art Stroth to Ed Schweizer accounted for the extra point following the third period scoring play.

Stroudsburg also threatened in the third stanza but a 15-yard penalty nipped the scoring bid in the bud.

Baldwin Member Of Group Interested In Scranton Club

A baseball combine of Louis Baselice, Marty Baldwin, Eddie Kershner and Joe Cohen is currently in negotiation with the Boston Red Sox for the purchase of the Scranton Eastern League franchise, it was learned yesterday.

Baselice is a prominent New York businessman, former owner of the Peekskill, North Atlantic League, and Poughkeepsie, Colonial League, clubs and one of the top stock holders in the Stroudsburg Pecosens. Baldwin is president of the Stroudsburg club and its chief stockholder in addition to being an outstanding Monroe County Sports figure.

Eddie Kershner, currently president of the Hazleton club, was also president of the Scranton organization during its more successful seasons before the franchise was sold to the Red Sox. Cohen is an outstanding concessionaire at Scranton and Carbon-dale.

However, it was reported yesterday that two other groups are also interested in purchasing the franchise placed on the block by the American League club recently. Joe Reardon, a member of the Philadelphia National League organization, is reportedly heading one group, but denials were issued along this line yesterday. A third interested party continues to remain a mystery.

The original deal proposed by Joe Cronin, general manager of the Boston Red Sox, was that the

Wilson Falls Before East Stroudsburg Junior Varsity

Wilson Borough—East Stroudsburg High school junior varsity gave the Wilson Borough yearlings the same dose of medicine that the Eastburg varsity gave a highly respected Wilson team last Friday here yesterday, but by a 27-0 count, instead of the 25-6 varsity count.

Coach Del Davis' club got his offensive under way in the second period, when a 20-yard pass from Bill Sommers to Bern "Minnow" Fish set the right halfback free to run 15 more yards for the touchdown. Cy Hine line kicked his first of three extra points from placement.

Second Touchdown

Dick Zuchowski cracked off tackle from his left halfback position and raced 60 yards for the Cavaliers' second touchdown. Hine-line added the extra point to give the visiting crew a 14-0 edge at halftime.

Fish accounted for his second touchdown of the game in the third period when he took a short toss from Sommers behind the line of scrimmage and raced 75 yards across the double chalk mark. Hine-line again added the important extra point.

The visiting contingent wound up its scoring in the fourth and final quarter when White cracked off tackle for a 35-yard touchdown run. Hine-line missed the only extra point attempt of the contest following the last touchdown.

East Stroudsburg's offense was matched by its defense, as the home team didn't present one serious scoring threat.

Ladies Bowl Tonight

East Stroudsburg Ladies' League will bowl tonight on the Harmon alleys, at 6:45. Schedule follows: Alleys one and two — Palace Diner vs Square Bar. Alleys three and four — Eagles vs Quick's Lounge. Alleys five and six—Twin County Distributors vs Gap View Inn.

Mountaineers Face Changes In Lineup

Injuries caught up with the football teams representing the Stroudsburg and East Stroudsburg High schools, it was learned last night. The injuries occurred while Eastburg was rolling over Wilson, 25-6, and Stroudsburg was falling before Whitehall, 27-7 last Friday.

However, the Cavaliers from N. Courtland St. were harder hit than the Mountaineers of W. Main St.

Coach Jack Kist announced last night that Jim Fritz, starting end, has water on the knee and is a very doubtful starter against Coplay next Saturday, while Captain Marlin "Ducky" Martz is limping on a twisted right ankle that also might keep the hard running field general out of the Coplay battle.

However, Kist did report that four others injured in the Wilson contest would be ready for duty against Coplay. Bill Propst, groin injury; Jim Kintz, bruised hip; Dick Merring, damaged ankle, and George Litts, bruised hip, were the four on the doubtful list before yesterday.

The Cavaliers didn't hold a workout last night, but the squad will get down to hard work for the Coplay game beginning today.

Troublesome

Coplay has been having an in-and-out season, but on the list of victories is a 21-2 decision over Slatington. The same team that took the measure of East Stroudsburg, 20-13, in the opening game of the campaign.

Carl Hagerly was the only serious injury on the Stroudsburg eleven, the big lineman having suffered some damaged ribs. The remainder of the club suffered some bumps and bruises against Whitehall, but should be ready to square off against Catsaqua on the latter's home field on Saturday.

Coach Jerry Stulgaitis announced last night that several changes, both in the line and the backfield, will be made before meeting Catsaqua.

Stroudsburg has Catsaqua, Northampton, Slatington and Lehigh remaining on its schedule, while the Cavaliers round out their season against Coplay and Nazareth.

Members of the Bushkill league will bowl tonight at the Harmon alleys. Schedule follows:

Alleys one and two—Coon Hunters vs. Little Abners.

Alleys three and four—Fox Hunters vs. Bushkill Busters.

Alleys five and six—Stump Jumpers vs. Up Valley Boys.

Boudreau Named To Pilot Bosox

By Bill King

Boston (AP)—Every member of Boston's disappointing Red Sox, Ted Williams included, was threatened with the trading block yesterday when Lou Boudreau signed a two-year contract as the club's bench manager.

"We need an established catcher and a good double play combination and we'll trade anybody to get them," Boudreau said after being introduced as Steve O'Neill's managerial successor by General Manager Joe Cronin.

The latter said O'Neill, whose club wilted in the recent American league homestretch drive and wound up third, would be retained in the Red Sox organization and assigned to its farm system.

"Do you rate Williams as expendable?" was the first question fired at Boudreau after Cronin announced the long anticipated managerial switch.

"Yes," Boudreau answered.

Needs

"Everybody, including Ted, will be traded to give us the strength we need. Our first problem is catching. We need an established backstop. Then we must get a strong doubleplay combination."

Boudreau, however, emphasized that Williams bore a very high price tag.

"You don't give away a player who drives in 126 runs," Lou explained. But we'll trade Ted if we can get what we need."

Boudreau's retort to the suggestion "the St. Louis Browns' Ned Garver and Sherm Lollar" was a non-committal shrug.

And he was silent and motionless when asked: "What's your salary?"

That, however, is assumed to be the same \$65,000 he signed for last fall when, after nine seasons as manager of the Cleveland Indians, he tied up himself to the Red Sox for two years as a utility player.

"I did turn down two other managerial offers to remain with the Red Sox," Boudreau said.

Dodgers Miss World Series--But Dominate Sixth Annual Associated Press All-Star Team

By Joe Reichner

New York (AP)—Brooklyn's deflated Dodgers couldn't quite make the World Series but they dominated the 1951 Associated Press major league all-star team, winning three of the ten positions.

Half of the 16 big league clubs, four in each circuit, are represented in the AP's sixth annual all-star squad, selected yesterday by 186 members of the Baseball Writers' Association of America.

The Dodgers are the only club to have more than one representative. Oddly enough, the pennant-winning New York Yankees and New York Giants placed only one member each on the stellar squad. Other teams represented are the Boston Red Sox, Detroit Tigers, Philadelphia Athletics, St. Louis Cardinals and Pittsburgh Pirates.

The all-star team:

First Base—Ferris Fain, Athletics.

Second Base—Jackie Robinson, Dodgers.

Third Base—George Kell, Tigers.

Shortstop—Phil Rizzuto, Yankees.

Left Field—Ted Williams, Red Sox.

Right Field—Ralph Kiner, Pirates.

Center Field—Stan Musial, Cardinals.

Catcher—Roy Campanella, Dodgers.

Left-handed Pitcher—Preacher Roe, Dodgers.

Right-handed Pitcher—Sal Maglie, Giants.

Five of the players are hold-overs from the 1950 all-star squad, are Robinson, Kell, Rizzuto, Kiner and Musial, Musial, who missed out only once since the poll was inaugurated in 1946, received the most votes, 185. The National league batting king was one short of a unanimous vote. Six of his votes, however, were for first base. The rest were for outfield.

Competition

Williams, who failed to make the team last year because of a fractured elbow, was back in left field, a position he has won every other year.

Only Rizzuto and Williams, baseball's most valuable players in 1950 and '49, respectively, had strong competition. The Yankee shortstop, who performed so sensationally in the World Series, received the smallest number of votes by a winner. His 79 votes topped a field of six with "Chico" Carrasquel of the Chicago White Sox second with 43 votes.

Williams drew 102 to beat out the Giants' Monte Irvin for the third spot in the outfield. Irvin, the National league's runs-batted-in leader, had 85. Musial and Kiner, the other all-star flycatchers, received 179 and 105 votes, respectively.

Robinson walked off with second base honors, obtaining 180 votes. Kell was favored by 144 writers for third base, rookie Gil McDougald of the Yankees was second best with only 24. Fain, American league batting champ, won the first base job from Brooklyn's Gil Hodges, 111 to 67.

Campanella dethroned "Yogi" Berra of the Yankees behind the plate, 169 to 19. They were the only catchers named.

Twelve Squads Still Unbeaten

Pittsburgh, (AP)—Twelve teams still remain unbeaten in the top three sections of the Western Pennsylvania Interscholastic Athletic League.

Three teams share seven straight wins apiece in class "AA." They are Monhull, Uniontown and Greensburg.

Same Records

High school elevens holding similar records in class "A" include Monaca, New Brighton and Swissvale.

In class "B," six teams remain undefeated. They are Bell Township, Wilmerding, Zelienople and Bethel with seven wins apiece; Jefferson Township with six and Avalon with five.

Defense Officials Appeal To Farmers To Gather Metal Scrap To Aid War Effort

Have you some dollar bills rotting in your fields? Is part of a submarine hull rusting behind your barn? The answer may be "yes," if that old mower is still lying where you junked it last summer.

Or if not the mower, then the plow points and shares, cultivator shovels and sweeps, broken machinery parts, horse-drawn equipment which has been replaced by a tractor, old electric wire and cable, worn-out storage batteries, windmill or water tank towers which have been replaced, even old chicken wire.

With the war intensity mounting weekly in Korea now, the nation sorely needs scrap again.

And—reminiscent of World War Two—a nation-wide drive is on again.

Locally, the drive is aimed especially at Monroe county farmers.

On farms are found the high-grade heavier types of scrap needed most by steel mills turning out war production.

Steel is made from about one-half pig iron and one-half scrap. The scrap adds to the quality of steel, keeps production costs down, shortens the refining process.

For every ton of scrap used, the saving is two tons of ore, a ton of coal, nearly a ton of limestone and other materials.

Mills now are operating on a dangerously low reserve of scrap, says the county mobilization committee of the Production and Marketing Administration office in Stroudsburg.

Last year production was about 96 and a half million tons of steel. By the end of next year, production capacity is expected to have been jumped 20 per cent.

Farmers, particularly, will have to help dig up the extra scrap necessary.

The scrap drive will run until December. The PMA office listed D. Katz & Sons, Dreher Ave., at the Erie Car shops, Stroudsburg, as members of the Institute of Scrap Iron and Steel who are cooperating in the drive.

Other scrap and junk dealers serve the purpose of scrap collection equally well, however, the committee pointed out. The important thing, it said, was to get the scrap to steel mills through any channel.

Scrap not only boosts war production, the committee said, but keeps the farm equipment factories in production.

Mr. and Mrs. Grant Nauman, Kenneth and Lois, accompanied Cpl. Carl A. Nauman on his return to Camp Kilmer, N. J., on Thursday, after a three-month enlistment furlough from the army.

Mr. and Mrs. Elmer Mader recently celebrated their 21st wedding anniversary, and enjoyed a leisurely motor trip through parts of Pennsylvania and New Jersey.

Mr. and Mrs. William Miller of Pinesville, N. J., were recent visitors at the home of Mr. and Mrs. Grant Nauman and family.

The Ladies Aid Society of the St. Paul's Reformed church presented a Sunshine Basket to Mrs. Carl Schaarschmidt, who has been ill for some time.

The Youth Fellowship of the Methodist church recently enjoyed a visit at the home of Mrs. Arthur Rugh, where they were shown a variety of Chinese articles of interest.

The farm and selling it to dealers may be a vital factor for farmers who will have to replace present farm machinery soon.

West End Cop Gains 475 In Membership

Stroudsburg—Membership in the West End Republican club increased by 125 during the past year, a report submitted to a regular meeting and rally at the Lake House here recently disclosed, officers said. The report showed present membership at 475.

The rally attracted all of the party's candidates for county offices including W. Adolph Rake and Sheriff Amzi Altomose, for commissioner; Attorney Elmer D. Christine for district attorney, Victor Henning for sheriff; George Smith for register and recorder; James Gould for prothonotary and clerk of courts, Mrs. Mary Emma Garcia and John Wernett for county auditor.

Sheriff Altomose, president of the club, opened the meeting and then presented B. K. Williams, GOP county chairman, Mr. Williams introduced all the candidates and their wives.

Senator Montgomery F. Crowe was among the speakers at the rally.

Refreshments prepared by Mr. and Mrs. Graden Praetorius, operators of the Lake House, were served to an estimated 150 persons. A square dance followed.

Interest. They were served Chinese refreshments, and learned how to eat with chop sticks.
